The image shows a mobile application interface for copying sutra characters. The main screen displays the character '觀' (Guan) in a large, light gray font, overlaid on a grid of dashed lines for tracing. The text '抄經' (Copying Sutra) and '觀自在菩薩行深般若' (Guanzi Zai Pusang Xing Shen Ban She) is visible. The page number '1/260' is shown below the character. At the bottom, there are three circular buttons: a left arrow, a '重寫' (Rewrite) button, and a right arrow. A smaller inset screen on the right shows the same interface but with the character '觀' in black, indicating it has been copied. Red arrows point from text boxes to various UI elements.
